Counsel for Plaintiff

**IN THE UNITED STATES DISTRICT COURT
FOR THE SOUTHERN DISTRICT OF NEW YORK**

DAVID YOUNG-WOLFF,

Plaintiff,

v.

THE McGRAW-HILL COMPANIES,

Defendant.

Civil Action No.:

**COMPLAINT AND DEMAND
FOR A JURY TRIAL**

Plaintiff DAVID YOUNG-WOLFF, by and through undersigned counsel, pursuant to the Federal Rules of Civil Procedure and the applicable Local Rules of this Court, hereby demands a trial by jury of all claims and issues so triable and, for his Complaint against Defendant THE McGRAW-HILL COMPANIES, hereby asserts and alleges as follows:

PARTIES

1. Plaintiff David Young-Wolff (“Plaintiff” or “Young-Wolff”) is a resident of the State of California.

2. Defendant The McGraw-Hill Companies (“McGraw-Hill” or “Defendant”) is a textbook publishing company with its principle place of business at 1221 Avenue of the Americas, New York, New York.

JURISDICTION AND VENUE

3. This is an action for copyright infringement and related claims brought by Plaintiff, the owner of copyrights to photographs at issue in this action, against Defendant for unauthorized uses of Plaintiff’s copyrighted photographs.

4. Jurisdiction for Plaintiff’s claims lies with the United States District Court for the Southern District of New York pursuant to the Copyright Act of 1976, 17 U.S.C. §§ 101, *et seq.*, and 28 U.S.C. § 1338(a) (conferring original jurisdiction over claims arising under any act of Congress relating to copyrights).

5. Venue is proper in this Court under 28 U.S.C. §§ 1391(a) and (b) because Defendant conducts substantial business within the State of New York, infringed Plaintiff’s copyrights within the State of New York, and a substantial part of the events or omissions giving rise to Plaintiff’s claims occurred in the State of New York; and under 28 U.S.C. § 1400(a) since the alleged misconduct by Defendant occurred in this district.

FACTUAL ALLEGATIONS

6. Plaintiff is a professional photographer who makes his living by taking and licensing photographs.

7. Defendant is a publishing company in the business of creating and

publishing educational textbooks, instructional technology materials, reference works, and other similar materials and publications.

8. Defendant sells and distributes textbooks throughout the United States, including through various companies or divisions or imprints.

9. Plaintiff is the owner of copyrights to photographs that Defendants copied and distributed either without authorization or in excess of limited licenses.

10. Defendant obtained copies of Plaintiff's images either directly from Plaintiff or from one of his licensing agents, including Getty Images.

11. In all cases, Plaintiff's images were licensed to Defendant for limited use only and subject to specific terms and conditions. Plaintiff's images were not licensed to Defendant as Royalty Free images, and Plaintiff retained his copyrights to or ownership of his images that were licensed to Defendant.

12. In obtaining Plaintiff's photographs for use in its publications, Defendant represented to Plaintiff or his agents that it would not make any subsequent uses of Plaintiff's photographs without obtaining prior permission and paying agreed-upon license fees.

13. In negotiating license terms with Plaintiff or his agents, Defendant represented that it intended to use Plaintiff's photos in publications with limited distributions or print runs.

14. Plaintiff and his agents relied on these representations regarding Defendant's intended print runs for particular publications in determining the requisite licensing fees.

15. Defendant further represented that if it retained copies of Plaintiff's

photographs, it would do so for archival purposes only and would not publish those photographs without prior permission and payment of agreed-upon license fees.

16. Defendant knew that Plaintiff's licensing agents were relying on the information regarding intended usage being provided by Defendant to determine license fees.

17. Defendant routinely underrepresented the uses it intended to make of Plaintiff's photos in order to obtain access to the photos at lower licensing rates.

18. Defendant also routinely disregarded and violated the express restrictions and limits of its licenses to use Plaintiff's photos.

19. Defendant routinely violated the distribution quantity or "print run" limitation set forth in the limited licenses it obtained to sue Plaintiff's photos. Defendant violated its licenses by including Plaintiff's photos in more copies of the relevant publication than was authorized under its licenses.

20. Defendant also violated license terms by publishing Plaintiff's images in component and ancillary publications without permission or distributing the books in regions not permitted under the licenses.

21. The particular unauthorized uses identified herein are part of a pattern and practice of Defendant's using of third-party photographic images without prior approval and in excess of applicable license agreements.

22. This pattern and practice of misappropriating third-party content is evinced by the numerous lawsuits against Defendant in this District and around the country involving identical misconduct to that alleged here.

23. This pattern and practice of misappropriating third-party content

demonstrates reckless disregard for the rights of the owners of those creative works, including Plaintiff.

24. Defendant exploited Plaintiff's copyrighted photographs—including, but not limited to, the photographs identified herein—in various publications without permission and/or prior to obtaining permission. The full scope of Defendant's infringing activities in this regard has not yet been fully ascertained.

25. Defendant also exploited Plaintiff's copyrighted photographs—including, but not limited to, the photographs identified herein—in various publications in excess of the so-called "print run"—a term that identifies and sets the maximum number of copies of a publication that may be printed under the applicable license agreement—authorized under license agreements pertaining to Plaintiff's creative works. The full scope of Defendant's infringing activities in this regard has not yet been fully ascertained.

26. Defendant infringed Plaintiff's copyrights in the photographs identified herein in various ways, including:

- Publishing Plaintiff's works without permission;
- Reusing Plaintiff's works in subsequent editions of titles without obtaining a valid license prior to publication;
- Publishing Plaintiff's works prior to obtaining a valid license;
- Exceeding the limitations of licenses by printing more copies of the publications than was authorized;
- Exceeding the limitations of licenses by publishing Plaintiff's works in electronic, ancillary, or derivative publications without permission;
- Exceeding the limitations of licenses by publishing Plaintiff's works in foreign editions of publications without permission;
- Exceeding the limitations of licenses by distributing publications outside the authorized distribution area; and/or
- Refusing to provide usage information to Plaintiff relating to photographs owned by Plaintiff.

27. Plaintiff is the registered copyright owner of the creative works identified herein and that are the subject of this action. A list of the copyrighted works at issue in this case is attached as Exhibit I.

28. Plaintiff registered copyright in each of the photographs identified herein with the United States Copyright Office prior to initiating this action.

**COUNT I
(COPYRIGHT INFRINGEMENT)**

29. Plaintiff repeats and re-alleges each allegation set forth in all paragraphs above as if set forth fully herein.

30. Plaintiff is the owner of the copyrights in the photographs identified herein and that are the subject of this action.

31. Defendant used, published, distributed, and/or exploited Plaintiff's creative works in excess of and outside the limited scope of its license or permission or authorization to do so.

32. Defendant exceeded any limited authority it may have had to use Plaintiff's photographs in the publications identified herein by printing and distributing more copies of those publications than it was permitted to create under any applicable license.

33. Defendant also violated Plaintiff's copyrights by distributing publications in regions or territories not permitted under its licenses; publishing Plaintiff's photos in component or ancillary publications not permitted under the licenses; and making unlicensed uses of the photos.

34. Defendant's use of Plaintiff's photographs in excess of the applicable

license limitations infringes Plaintiff's copyrights.

35. By exceeding the terms and restrictions of its limited licenses, Defendant misappropriated Plaintiff's intellectual property for its own profit, causing Plaintiff significant injuries, damages, and losses in amounts to be determined at trial.

36. Defendant's unauthorized use of Plaintiff's copyrighted images, including its use in excess of whatever limited authority or permission it may have obtained, was willful.

37. Defendant's efforts to conceal or ratify its unauthorized use of Plaintiff's creative works demonstrate that it was fully aware that its use was unauthorized and thus infringing and that this conduct was intentional, willful, reckless, and/or malicious.

38. Defendant's refusal to disclose the full scope of its use of the photographs at issue in this suit is itself a violation of Plaintiff's exclusive rights as the copyright owner of those photographs.

39. Plaintiff seek all damages recoverable under the Copyright Act, including statutory or actual damages, including Defendant's profits attributable to the infringing use of Plaintiff's creative works, and the damages suffered as a result of the lack of compensation, credit, and attribution. Plaintiff also seeks all attorneys' fees and any other costs incurred in pursuing and litigating this matter.

**COUNT II
(REQUEST FOR DECLARATORY JUDGMENT)**

40. Plaintiff repeats and re-alleges each allegation set forth in all paragraphs above as if set forth fully herein.

41. Plaintiff is the owner and creator of the photographs identified

herein.

42. Plaintiff is also the author and owner of numerous additional photographic works that Defendant has used and continues to use in various publications.

43. Upon information and belief, Defendant remains in sole possession of information regarding the scope of its use of Plaintiff's creative works, including the publications in which Defendant has used Plaintiff's works, the publication dates of these publications, and the print run of these publications.

44. As the owner of the copyrights to his creative works, Plaintiff is entitled to know the full scope of Defendant's use of his creative works.

45. Defendant's refusal to disclose the full scope of its past, current, and ongoing use of all of Plaintiff's creative works breaches, infringes, obstructs, and otherwise violates Plaintiff's inherent moral rights in those works.

46. Defendant's refusal to disclose the full scope of its use of any of Plaintiff's works violates Plaintiff's rights under applicable license agreements.

47. Defendant's refusal to disclose the full scope of its use of any of Plaintiff's works violates Defendant's obligations to deal with Plaintiff fairly and in good faith.

48. An actual controversy thus has arisen and now exists between Plaintiff and Defendant concerning whether Plaintiff is entitled to know the full scope of Defendant's use of his creative works and whether Defendant is obliged to disclose such information to Plaintiff.

49. Plaintiff thus desires and requests a judicial determination of his rights to know and to be provided information regarding the full scope of Defendant's use of his creative works.

50. A judicial determination of the parties' rights and duties is necessary and appropriate at this time under the circumstances in order to resolve this controversy between the parties and for the parties to be aware of their rights in order to assess and determine their legal options.

51. Plaintiff also seeks all attorneys' fees and any other costs incurred in pursuing disclosure of this information and in litigating this matter.

WHEREFORE, Plaintiff respectfully prays for judgment on his behalf and for the following relief:

1. A preliminary and permanent injunction against Defendant from copying, displaying, distributing, advertising, promoting, and/or selling the infringing publications identified herein, and requiring Defendant to deliver to the Court for destruction or other appropriate disposition all relevant materials, including digital files of Plaintiff's photographs and all copies of the infringing materials described in this complaint that are in the control or possession or custody of Defendant;

2. All allowable damages under the Copyright Act, including, but not limited to, statutory or actual damages, including damages incurred as a result of Plaintiff's loss of licensing revenue and Defendant's profits attributable to infringement, and damages suffered as a result of the lack of credit and attribution;

3. Plaintiff's full costs, including litigation expenses, expert witness fees, interest, and any other amounts authorized under law, and attorneys' fees incurred in pursuing and litigating this matter;

4. All allowable damages caused by and/or resulting from Defendant's violation and infringement of Plaintiff's moral rights in and to this creative visual work;

5. Any other relief authorized by law, including punitive and/or exemplary damages; and
6. For such other and further relief as the Court deems just and proper.
